

# BEARING DAMAGE ANALYSIS Webinar with Dr. Paul Shiller

## How do I register?

Visit [www.stle.org](http://www.stle.org). Log in and go to the STLE Store. Click on the "STLE University" Department, find the event listing and go through the purchase process. You are then registered.

## How do I attend the live event?

Go to [www.stle.org](http://www.stle.org) and log in. Click on STLE University on lower left hand panel. Click on the event title and then "Attend Now." A new window will open and you will be placed into the event.

## What if I don't have a member ID or login?

If you do not have a login to the website, it is free and easy to create an account. Visit [www.stle.org](http://www.stle.org) and click on "Create An Account" and follow the instructions.

## INDUSTRY INSIGHT WEBINAR SERIES

### The Schedule

March 16, 2011 @ 12:00 p.m. CST

### Duration

**60 minutes total**; 40 minute presentation followed by 20 minutes of Q&A

### Event Pricing

\$39 Member  
\$59 Non-Member

### Presentation Summary

Bearing maintenance and proper analysis are the keys to keeping equipment up and running, optimizing performance and decreasing downtime. The purpose of this webinar is to help identify some of the more common types of bearing damage, explain possible causes, discuss corrective actions, and cover methods used to discover the root causes of bearing damage and how that relates to improved performance.

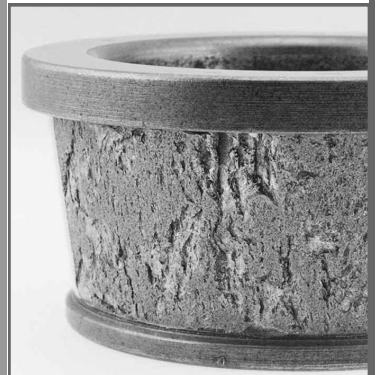

### Meeting Details

1. Make sure you have computer speakers or headphones. Otherwise, you will not be able to hear the presentation!
2. Join 10-15 minutes before the meeting time to ensure you meet the computer requirements. For more information on computer and/or software requirements, visit [www.webex.com](http://www.webex.com). Under the Support tab, click on Technical Support and then System Requirements.
3. If you have questions before, during, or after the event, you can contact us at any time at (847) 825-5536, or at [university@stle.org](mailto:university@stle.org).

### DR. PAUL SHILLER

- Tribological Specialist, The Timken Company
- Ph.D. in Physical Chemistry
- M.S. in Chemical Engineering
- Shell Lubricants Award for Instructor Excellence from NLGI
- Member of STLE, ACS, SOR

### Reasons to Attend

1. See a well-known presenter provide information on subjects relevant to you, utilizing their expertise in the field.
2. Ask questions and get responses in real time for an interactive opportunity.
3. Get access to the recording and other event materials including presentation slides and articles relevant to the topic for future reference.
4. Receive credit for your attendance and participation. You will receive 1 Continuing Education Unit (CEU) for attending, which can be used towards recertification.
