

## **Lubrication Fundamentals**

The Lubrication Fundamentals Technical Committee had a very successful series of sessions in "Lubrication Fundamentals" during the 2010 Annual Meeting in Las Vegas with 38 presentations. We would like to continue that tradition and knowledge sharing relation in various areas of lubrication fundamental. We are currently soliciting papers and presentation for the 2011 annual meeting to be held in Atlanta, GA, USA on May 15th to 19th 2011. In the enclosed attachment you will find the details of the focus areas of interest and instruction on submitting abstracts for presentation and extended abstracts for inclusion in the Annual Meeting Proceeding CD.

Please circulate this flyer among your colleagues and I encourage you to consider submitting an abstract for presentation at the "Lubrication Fundamentals" sessions at the 2011 Annual Meeting.

**Abstract Submission Deadline: October 1, 2010**
