

# Surface Engineering Technical Committee Call for Papers

May 21-25, 2017

STLE 72nd Annual Meeting Exhibition May  
21-25, 2017 Hyatt Regency Atlanta,  
Georgia

The **Surface Engineering Technical Committee** of the Society of Tribologists and Lubrication Engineers (STLE) is soliciting papers and presentations for **STLE 72<sup>nd</sup> Annual Meeting & Exhibition May 21-25, 2017 Hyatt Regency Atlanta, Georgia**.

We are looking for papers and presentations in the multidisciplinary area of **Surface Engineering**, topics include but are not limited to:

- Coatings to include but not limited to; PVD, DLC, Nano coatings, Electroplating, DC, Pulse, Plasma, Laser treatment, Sputtering (DC, RF), Composite coatings
- Surface Texturing and Roughness Optimization
- Surface Modification Technologies and Process Control
- Near Surface Material Modifications
- Surface/Substrate Characterization
- Quality Control and Non-destructive Surface Examination
- Biomimetics and Bio-inspired Surfaces

Please accept this invitation to join in and participate by providing a paper or presentation. Please use the "Abstract Submission" link on the STLE Annual Meeting web site at: and check 'Surface Engineering' session. Please note the following deadline:

## **Deadline:**

**Abstracts are due October 1, 2016**

If you need further information please feel free to contact us. We are looking forward to receiving your contribution. Thank you!

## **Dr Zulfiqar Khan**
