

The Condition Monitoring technical committee would like to invite you to submit an abstract to present in the Condition Monitoring session to be held at the 73rd Annual STLE Meeting to be held May 20-24, 2018 in Minneapolis, Minnesota (USA).

**Condition Monitoring Technical Committee**  
**STLE 73rd Annual Meeting & Exhibition, May 20-24, 2018**  
**Minneapolis Convention Center, Minneapolis, Minnesota**

The technical session focuses on both the fundamental aspects of condition monitoring as well as advanced topics in all the fields of lubrication and tribology. Oil analysis, condition monitoring, wear debris analysis as well as other forms of asset care such as vibration analysis, ultrasonic analysis and inferred analysis shall be considered. Presentations can be based on developing a technology to actual field implementation.

Interested authors can submit abstracts through the society's online process. Remember to select "Condition Monitoring" as your topic when submitting an abstract. The presentation should be developed to spend 20 to 25 minutes presenting while allowing an additional 5 to 10 minutes for questions and answers. Please mark your calendar and submit your 100-150 word abstract electronically. To submit an abstract, please visit the abstract submission site, <https://stle2018.abstractcentral.com>
