Metalworking Fluid Technical Committee

Dear STLE Members,

The Metalworking Fluid Technical Committee is soliciting papers and presentations for the STLE 73rd Annual Meeting & Exhibition to be held May 20-24, 2018 at the Minneapolis Convention Center in downtown Minneapolis (USA).

We would like to invite you to present your work addressing MWF related issues which include (but are not limited to) the following topics:

- Health, Safety, and Environmental issues
- How regulations are driving innovation
- Impacts of GHS, California VOC regulations, biocide directives and material regulations
- Novel additives and formulations
- Condition monitoring automation
- Management, control, and disposal of MWF
- Insights into MWF at the tool/work-piece interface
- Novel polymeric lubricity additives
- Challenges with new metals and production techniques
- New tool coatings and implications for MWF formulators

When: Before October 1st, 2017 – The deadline for abstract submission

What: Short abstract of 150 words (1,000 characters) or less

Where: Submit abstract online at <http://stle2018.abstractcentral.com>

Please feel free to contact us if you have any questions. We look forward to receiving your submissions.
