

CALL FOR PAPERS

SYNTHETICS AND HYDRAULIC LUBRICANTS TECHNICAL COMMITTEE

The STLE Synthetics and Hydraulic Lubricants Technical Committee of the Society of Tribologists and Lubrication Engineers (STLE) is soliciting papers and presentations for the 73rd STLE Annual Meeting and Exhibition which will be held May 20 – 24, 2018 at the Minneapolis Convention Center in Minneapolis, MN.

You are cordially invited to participate in our meeting. Please consider presenting relevant work in the fields of hydraulic fluid or synthetic lubricants. Session topics may include, but are not limited to the following:

- Hydraulic Pump Efficiency
- Hydraulic Fluid Trends
- Advances in Hydraulic Fluid Additive Technology
- Test Methodology for Hydraulic Fluid
- Fluid Power Research
- New Applications for Synthetic Fluids
- Trends in Synthetic Fluids
- New Advances and Benefits of Synthetic Fluids
- Test Methodology for Synthetic Fluids

There has been growing interest in both hydraulic fluid applications and synthetic fluid developments at recent meetings. This has been reflected in the increase in the number of quality presentation at our section meetings over the last few years. We would like to continue this trend by providing informative and thought-provoking subject matter to the attendees.

Please use the “[Submit your abstract here](#)” link on the [STLE Annual Meeting](#) website www.stle.org and check the “**Synthetics and Hydraulic Fluids**” session.

[The deadline for a 150-word abstract is October 1, 2017](#)

For questions or additional information related to this abstract submission, please contact:

Patti Cusatis (patti.cusatis@basf.com) 914-785-2970

We look forward to receiving your contribution. Thank you!
